There Is No Minimum Order.

We use a digital printing process that makes it ideal for small groups and projects since there are no additional costs to push up the "per-unit" price of each T-shirt. Our process allows us to do any size order, however we specialize in small orders of just 1 or a few up to 150.

Full-Colour Printing.

As colourful as you want. One colour or a thousand colours. It doesn't matter because there are no screens involved. And no screens means no extra costs.

All Custom Designs.

Your T-shirts will be custom designed, whether you design them or we do the designing. If your design is on paper then we'll scan the artwork. If you do your designing with your own computer program, we can print from that. Or simply tell us what you want and how you want it to look and we'll do the layout for you.

Sample T-shirt.

Some organizations and businesses complimentary, sample T-shirt. This way you can see exactly what your order will look like before you proceed. And again this is a free, no obligation sample.*

*(Applies to potential orders of 24 or more T-shirts)

Risk-Free Ordering

The major advantage of the sample T-shirt is that it allows any of the other decision makers the opportunity to view a finished T-shirt and to know the exact amount of the order. Remember that there are no additional costs involved because there are no screens or colour separations.

Perfect For Fundraising

Simply put your sample T-shirt on display and take orders for the T-shirts. When you pre-sell, you take away all of the risk by ordering only what you need and you can order exactly the sizes that you want.

100% Cotton T-shirts.

All orders include printing on 1st quality, 100% cotton T-shirts from or Gildan (also Fruit of the Loom - white only). Your order can contain mix and match sizes from Youth (small, medium & large) to Adult (small, medium, large & X-large), as well as XXL and XXXL.

Quality Inks And Printing.

We use only inks and transfer papers that are recommended by our printer manufacturer (never the cheaper generic brands). Once printed, the image on the transfer is bonded to the T-shirt using a commercial heat press.

Individually Bagged.

Each T-shirt is delivered to you folded and bagged. There is also a sticker on the outside of the bag to indicate the size of the T-shirt. This will certainly help you when you distribute the T-shirts.

TGH Promotions Plus tshirtscanada.com is a computer graphics based solution focussing on custom design and quality production of T-shirts. If you are an individual who only needs 1, a Youth Group that needs 21, a business that needs 51, or an organization that needs 101, we can provide you with any quantity.

Since our beginning in 1995, we have designed and printed T-shirts for communities, organizations, small businesses, churches, schools, colleges, teams and individuals. We have also created T-shirts for restaurants and musicians from all over North America. Our process is full colour which means you can include intricately coloured graphics and/or even photographs. Our printing is a digital/ thermal process that is fade proof and washer safe.

We promise you immediate attention to every order, quality products, service and quick delivery. Please call to set up a convenient time to meet with you and discuss your T-shirt needs and ideas. We'll make your sample T-shirt and have it back to you in a few days. Or simply call if you have any questions.
